

Forest Home Improvement Association

Annual Meeting, October 27, 2021, 7pm

Agenda:

1. Welcome and introductions.

Please be prepared to tell us who you are, where you live, and how long you have lived in Forest Home. Let us know if you have been on the board in the past.

Note: Reports from the President and Treasurer and the special report on the Preparation and Printing of the 2021 Directory are available at <https://fhia.org/minutes/>

2. President's report (Caroline Arms)

3. Treasurer's report (Valerie Hans)

4. Report on preparation of printed directory (Jeff Holden)

5. Election of Officers for 2021-2022 (Nominating Committee)

6. Opportunities for getting involved. Volunteers needed to:

- a. Help organize holiday activities -- similar to last year
- b. Recruit speakers for the FHIA Speakers Series. The Board can set up Zoom sessions.
- c. Volunteer as street captain for Judd Falls Road. Very little to do since we just put out a printed directory.

7. Adjournment of annual meeting

The business portion of the meeting will be followed by a demonstration by Lars Washburn and Katrina Mackey of the radio their grandfather bought in the mid-1930s, recently restored to functionality.

Demonstration of high-end 1930s radio by Lars Washburn and Katrina Mackey.

Lars lives in the house on Judd Falls Road that his grandparents moved into in July 1929. The radio is a McMurdo Masterpiece V. Much more intricate than other radios from this era, it would have been that decade's equivalent of today's high-end home theater setups.

Lars and his sister Katrina will describe the restoration project and Lars will demonstrate the radio from their grandmother's chair in his Forest Home living room, situated as photographed in the 1930s picture below.
